

CONCERNED ABOUT AFIB?

THIS LUNCH AND LEARN
WILL DO YOUR HEART
GOOD!

Afib stands for atrial fibrillation, a type of abnormal heartbeat. Afib is not uncommon among those sixty-five and older. Left untreated, individuals with Afib face a five times greater risk of stroke. That's why our next Lunch & Learn is a very important one.

Dr. Justin Harrell, a member of Parkway Cardiology Associates will be our Lunch & Learn speaker. He specializes in the treatment of conditions that affect your heart and will be talking about Afib...its symptoms, risks and treatments. Dr. Harrell will begin seeing patients at Covenant Health Fairfield Glade, next door to The Center beginning in February.

LUNCH & LEARN
TUESDAY, FEBRUARY 11TH
11AM - 1PM
AT THE CENTER

THERE IS A \$10 CHARGE THAT INCLUDES A LIGHT LUNCH.
